

LAST CONTEST THIS AFTERNOON

U. Team vs. Colorado College Eleven on Cummings Field.

RACE FOR THE CHAMPIONSHIP

Under Utah or Visitors Will be Eliminated—Madlock's Men Will Spring A Few New Tricks.

The last big football struggle of the season is on at Cummings field this afternoon between the University of Utah and the Colorado College eleven, and it is expected to be one of the fiercest contests played on a local field for a long time. Both teams are determined to win and the losing team will be eliminated from the championship.

The winning eleven will tie with the winners of the Colorado-Golden game which is on at Denver this afternoon.

Last evening Coach Madlock put his men through their last practice. The team is in splendid condition and will bring a number of new tricks on to the field. Madlock is confident of victory in spite of the fact that a couple of regulars are out of the game. To-day's game will be the last for some of the stars. It is Capt. Russell's last game on the team and it will also be Bryant's last.

The Colorado team arrived yesterday afternoon and after the journey, Coach Taylor says he expects the game to be a close struggle but expects to win. The line-up as announced by the coaches, is as follows:

NOT MANY KILLED ON FOOTBALL FIELD.

With the exception of today's games, Saturday marked the end of the college football season for 1907. Thanks to the ease in which the elimination of the rough play, there have been very few fatalities from the game this year. In fact, since the opening of the season the latter part of September, only one player has died as a result of injuries received on the field. This number is small compared with the records in past years. In 1906, for example, there were three fatalities. One of the victims was a member of the team from the University of Utah. He was killed by a tackle from the Colorado team. The other two fatalities were from the Colorado team. One was killed by a tackle from the University of Utah. The other was killed by a tackle from the University of Utah.

The list of the victims is as follows:

Edward J. Clarkson, 20 years old, of the University of Utah, died from a tackle from the Colorado team. He was killed by a tackle from the Colorado team.

Thomas Bertram, 20 years old, of the University of Utah, died from a tackle from the Colorado team. He was killed by a tackle from the Colorado team.

Richard S. Evans, 19 years old, of the University of Utah, died from a tackle from the Colorado team. He was killed by a tackle from the Colorado team.

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only \$12.00 worth of Dr. Miles' Heart Cure and Nerve, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had been told that she was hopeless. The third doctor, like the two previous ones, said that nothing could be done for her. She had better be taken home from the hospital to quietly wait her time, which would not be over six weeks. The medicine I brought her, and then I thought probably Dr. Miles' Heart Cure and Nerve might help. I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."

REV. P. MILLIGAN,
Genda Springs, Kans.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

boro, Ohio, died from injuries received in a game between Wooster College and the University of Ohio. He was killed by a tackle from the University of Ohio.

HIGH SCHOOL TEAMS.

Salt Lake and Ogden Eleven Battle At Junction City.

The old time rivalry between Salt Lake and Ogden High school football teams, are again on in the big game at Junction City. The game is expected to be a close one. The local team, accompanied by a large crowd of rooters, went to Ogden this morning, and every member of the delegation was full of confidence that Ogden would be defeated by the Red and Black warriors. Ogden has marched down the field to many victories this season but there is reason to believe that Salt Lake will again prove to be the victor in today's game. There is a great deal of interest in the game at Ogden and that team might be expected to put up a hard fight to avert defeat.

BASKETBALL SATURDAY.

Y. M. C. A. and B. Y. U. Teams Getting Ready for the Big Game.

Basketball teams representing the Y. M. C. A. and B. Y. U. are getting ready for the big game scheduled for Saturday evening. Both teams will have new men in the line up and the contest is expected to be a fast and furious one from start to finish and the rivals are in good form for the struggle and keen interest is felt in the game.

HYLAND AND FITZGERALD IS NOW THE CARD.

Fred Wood, who has secured Lagoon for a boxing contest, has again changed his card. He first tried to match Hyland and Unholz. That fell through. Then he figured on Hyland and Sullivan and that also was called off. He has finally obtained McClintic's consent for Hyland to fight Willie Fitzgerald and if this pair meet in the ring, local fight fans will see a bout worth going a long distance to see. Sullivan would have met Hyland, he says, but for the terms demanded by McClintic. The latter insisted on the weight being 135 ringside but Pete declared the best he would do was 135 at 3 o'clock on the afternoon of the contest.

Wood has sent word to Fitzgerald to come on and transportation has been sent to him. The date has been changed from the 10th to the 11th of December in order to give Fitz more time to train.

Goblin Finished Last in Race But May Win Cup.

New York, Nov. 27.—The Crescent Yacht Club has a knotty problem to solve. This problem is who is entitled to the Lipton cup? The yacht Bensonhurst won the race. The goblin finished last in the race. But the goblin demands the cup and it looks as if she would get it.

The cup was given by Sir Thomas Lipton for racing between healthy types of small yachts, such as men of moderate means can afford. Seven boats entered the race. Before the series was over the Bensonhurst was protested as not meeting the requirements of the deed of gift.

After the races were finished, the Bensonhurst having won, the yacht club members decided that the yacht must be disqualified. He therefore disqualified the rest except the Goblin. The Goblin finished last, but the New York Canoe club, under whom the Goblin entered, put in a claim.

CORNELL VICTORIOUS.

Princeton, N. J., Nov. 27.—Cornell won the intercollegiate cross-country run this afternoon, Pennsylvania second. Yale third. Points: Cornell, 30; Pennsylvania, 67; Yale, 132.

GAME FOR LAFAYETTES.

The Lafayette school football team has gone to Ogden today for a game with the Junction City High school second team. The game promises to be of interest and the local stand a splendid chance of winning. The team has done some great gridiron work this season.

A HARD DEBT TO PAY.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The coughing dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by Z. C. M. I. Drug Dept., 112-114 S. Main St., 50c and \$1.00. Trilla bottle free.

THE DESERET NEWS.

JAPANESE EXCLUSION.

Legislation to That End Will Not Receive Executive Approval.

Washington, Nov. 27.—It is improbable that any legislation looking to the exclusion of Japanese will receive the approval of the executive until an opportunity has been had to test the efficiency of the new regulations that the Japanese government is preparing with a view to regulating immigration. Such advice as the state department has received indicate that in preparing these regulations the Japanese government is acting in perfect harmony with the desires of our own government, and it is deemed only proper that they should be submitted to a test before any legislation is attempted.

GOLDFIELD CONSOLIDATED.

Directors Meet and Vote to Pass Dividend.

Goldfield, Nev., Nov. 27.—The directors of the Goldfield Consolidated Mines company met today and after extended discussion of conditions, both local and general, voted to pass the dividend for the current month. This conclusion was the result mainly of local labor conditions. The banks of Goldfield have been issuing scrip in common with other banks of the country, and last night the miners voted to go on strike rather than accept anything but gold. The mine operators could not accede to the demand, and so notified the miners, and today the entire camp is shut down by reason of the refusal of miners to go to work. If the miners persist in their demands it means the indefinite closing of the mines. It is believed in Goldfield that the action of today is the beginning of the end of union domination in the camp, and that when the mines again resume operations it will be with an open camp and upon their own terms of hours and wages.

GARFIELD DECLARES IRRIGATION IS A SUCCESS

Baltimore, Nov. 27.—Secy. of the Interior Garfield, speaking of irrigation, said in an interview today: "This work has advanced far enough to demonstrate absolutely its success. We have seen fruits, vegetables, grain and everything else growing on lands where nothing but cactus ever grew before this day of irrigation." "There are 3,000,000 acres of these arid lands all told. We have completed the irrigation work on 1,000,000 acres. "As soon as they get the water they are as fertile as any soil."

"So far we have worked chiefly on the public lands, although adjacent private property will benefit. This land is turned over to settlers under a homestead act, although the old 100-acre allotment is not adhered to. The size of the lot is determined by its fertility, 20 or 40 acres."

"The settlers take these lots with the understanding that they are to pay back to the government the cost of the irrigation improvements in 10 annual installments, beginning when the water is turned on. They also have to pay the cost of maintenance, which amounts to 60 cents an acre. Under this arrangement the land is advanced by the government will all be returned to it, and can be put out again in other territories until all the arid lands have been made fertile."

KEMP BIGELOW'S CASE.

Motion to Quash New Cases Against Him Denied.

Denver, Colo., Nov. 27.—The motion to quash the new cases filed against Kemp N. Bigelow, who was sentenced to a number of prominent Denver men, argued today before Judge Billers, was refused.

Bigelow's attorney argued that after a jury had found the defendant guilty of simple assault in sending a bomb to David H. Moffat, he could not be prosecuted upon similar charges, as the sending of the several bombs constituted one offense.

The court refused to sustain the motion and Bigelow will be tried on these other cases and also on the charge of attempting a confidence game. After the state authorities finish with him he will be turned over to the federal authorities.

AM. SILK CO. PLACED IN HANDS OF RECEIVER.

New York, Nov. 27.—Being hampered by a lack of ready funds with which to continue the business, the American Silk company, which has a capital stock of \$1,000,000 and operates mills in several cities, was placed in the hands of a receiver today by Judge Ward of the United States circuit court. The application for the receivership was made by L. J. Huel, a lawyer representing Lotie Bros. company, and Samuel Ruby, both of New York, and who in the complaint stated that the American Silk company operates a large plant in Weehawken, N. J., and owns or controls the stock of the York Silk Manufacturing company, New York, and the Monarch Silk company, a New Jersey

corporation with a plant at Reynoldsville, N. J.

The main offices of the company are in this city. The petitioners set forth that the American Silk company is indebted to them in the sum of \$6,215. The petitioners further represent that, besides the amount due them, there are now outstanding notes and bills approximately of \$475.00, a portion of which is past due.

The company in its answer admits its inability to raise sufficient money to carry on the business. This situation is explained by the present financial stringency.

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter, would you think if he should say—he never was sick since using Ballard's Horehound Syrup. Such a man exclaims Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main St."

Four Diseases That Wreck Men Cured

We have arranged a system of payment that will allow every man to take advantage of our services. You deposit your money in a lump sum, and it is not ours until after you receive a cure. We do not accept incurable cases, our prices are reasonable, our results are speedy and are lasting. No medical officer offers you what we do, for we have the only certain cure known for all curable cases.

NERVOUS DEBILITY

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back lame? Is your memory failing? Do you have difficulty in concentrating your mind? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain as you are. What you want is to be made strong and vigorous mentally, as nature intended.

WE CURE IT IN 30 TO 60 DAYS.

Quick results, lasting ones.

VARICOCELE

This is an enlarged condition of the veins (usually more noticeable on the left side), caused by lumps, bicycle riding, etc. In time it saps a man's physical and mental strength if neglected.

WE CURE IT IN 5 DAYS by absorption, without pain.

OBSTRUCTION

of the Urinary passage causes a partial or complete closure of the canal due to the disease improperly treated, strains and the injudicious use of instruments, such as caudex.

WE CURE IT IN 15 DAYS by absorption. No pain, no operation.

BLOOD POISON

May be either hereditary or contracted. The former causes eczema, rheumatism, psoriasis, etc. The latter begins with a small pimple, followed by sores in the mouth and throat, which have the appearance of white patches, spots or sores on the body, face or ears; failing hair, and eye-brows, and later on other terrible symptoms, such as paralysis, locomotor ataxia, cancerous growths, decayed bones and flesh.

WE OVERCOME IT IN 30 DAYS.

Symptoms disappear in 1 to 3 weeks.
